

that we will support from Capitalists and producers in this field. We will specify however facility which is needed, because we believe that agricultural activities are the main cause of job- generation and beneficial occupation”.

“Up to now we have spent 15 milliard tomman for agricultural activities and we will specify 8 milliard tomman to this Province`s agricultural industries”.

He added: “we hope our farmers and gardeners start using of high-pressured irrigation system, so our state will promise to pay over than 85 percent of its expenses and also we will give needed loans for the rest of 15 percent of expenses.

## **The fifth national professional exhibition of irrigation and Greenhouses Equipment**

The Fifth national professional Exhibition of ingredients, irrigation and Greenhouses Equipment, Agricultural Instruments & Machinery will be celebrated 12 - 15 Mehr 1390 in show center of Golestan - E - Gol-Shahr in Imam Khomeini square.

This grand exhibition has celebrated for 4 years with Cooperating of related societies and organs. The last year, show was disposed in Zanjan province. But because of exhibitors and visitor`s suggestion, it`s place is transfered to Alborz province which is nearer to Tehran.

Time of this beneficial exhibition is: 12 - 15 Mehr, Wednesday to end of Friday, 15-21 p:m.

## **Importing one milliard dollars fruite to Iran**

Dr. E. Biabani , deputy of House of Agriculture, one of national formations in Iran, referring to state`s decision during 5 years ago hopefully expresses Majlis has been attended to imported goods which highly damages our farmers and gardeners economically.

He criticizes statemen because of their plans in agricultural aspects.

Dr. Biabani criticized strictly middlemen or dealers who have placed in Iran`s market. The cupidity of middlemen is the cause for the high prices of fruits and vegetables. The major benefit is finally in middlemen`s hands. The major loss belongs to farmers and gardeners.

## **Statistical dispute among Majlis and state**

Author of this article evaluates statistical news from majlis and state. He asks: “why There is so dissapeint mentbetween these two organisation? Why their figures are so vice-versa?

Majli`s figures shows going out of our foreign exchanges because of agricultural good`s importing While all of them are produced inside of Iran.

On the other hand state`s figures shows that our export level has risen during 2 - 3 years ago. The writer of this article recommands more precise statistics for more accuracy planning.

## Desputes of Majlis and state on agricultural issues

The ministry of jihad-e-agriculture has been summoned to majlis during first days of mordad-1390 (July 2011).

He is strongly criticized why there is no accuracy and control on importing of agricultural goods? While it causes many losses for farmers and going out foreign expenses from our country!

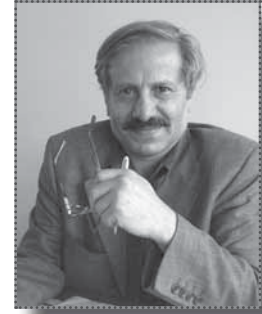

Before leaving majlis, the ministry of jihad-e-agriculture reminded attendees in majlis that: "Don't you remember your agreements for importing of agricultural goods such as wheat?!"

Author of this article recalling representative's for interpellation in last year, and its cancelling for political reasons, is asking: "Why his interpellation didn't occur? Why our representatives didn't seriously react to further losses of farmers and producers?"

Author of this article declares that: "We should not damage national benefits by political reasons. In his opinion, our majlis never minds to our agricultural situations, but also political settlement with state is more important. These reactions exactly damage our country's agriculture.

On the other side, here we refer to statistical disputes between majlis and state. Each of them represents different figures and denies straightly the other one.

The state's figures show the export's rising and import's declining, while the representative of majlis only point to export's increasing.

## Damparvaran's Exclusive interview with Deputy ministry of water and soil and industry

Engineer Sajadi, is one of the important and nominating deputies of jihad-e-agriculture.

He announced specifying facilities for high-pressured irrigating systems improvement. He said to our reporter: "It seems we will face with pleasant atmosphere in Majlis and state with better usage of agricultural water sources.

We have specified a budget of 1,130 milliard tomans for new irrigation systems improvement"

"Based on statistics, we find out our governors and statemen have accepted that our Country is a dry or semi-dried region. and it's needed more attention for food safety. For prevention of our agricultural ruining, we should support and strengthen infrastructural bases and provide better situation for using of water sources in our gardens and farmlands.

## Interview with governal general of Alborz province

Engineer Farhadi, governor general of New Province Alborz expressed: "we should have more attention to improvement of metabolism industries (transferable industries) of agricultural products specially in Alborz Province as one of nearest provinces to Tehran. We strongly declare

In the name of GOD
