

The real situation of agricultural economy in The great economy is indefinite

In this article, Damparvaran analyses The economical situation of our agriculture and other sections prospers more accessible facilities and more cerredits, consequently they recompensate their inflation on agriculture sectors.

The author of this article has this suggestion towards the prime state: organizing an specialized committee consist of economical researchers with full authorized to access to our real agricultural information and its needs.

This society is responsible to recognize the real position of our agricultural economy and the agricultural credits just according with 5 years expansion planings, retail and great politics of state. And also this committee should know the commercial rule of agricultural sections on GDP production for more pregressions.

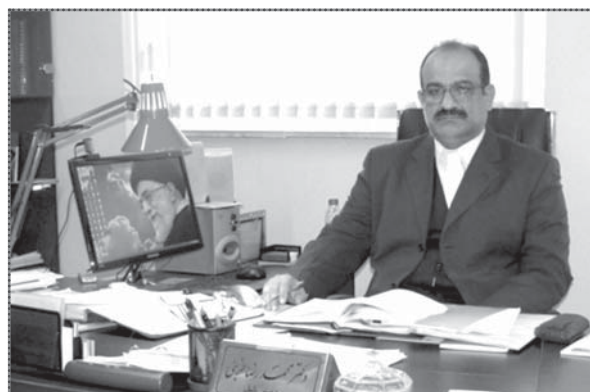

Developing of white meat packing in Tehran Province

Tehran province has a special importance and position in production of: “Red meat, white meat, milk, egg, river fishes, old – day chickens. Some of it`s exporting products are, such as: Dairy products, cow`s skin and gut, spermatid egg and etc.
