

applicable news. These kind of agricultural events never will be old and even in future months are beneficial for farmers and producers.

The project of 10 milliard dollars for mobilizing farmlands will be executed soon

Agriculture Bank has granted 4350 milliard tommons for infrastructure parts of agricultural activities up to end of Ordibehesht 92.

Agricultural bank suggested towards the state for easier conditions for facilities of 10 million tommons for setting.

The ministry of power specified 10 milliard dollars for 1.500.000 ha farmlands as a nation project which will be fulfilled by assistant of Agriculture Bank. It will be exactly executed future later.

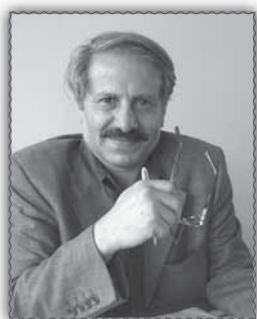

The newest events of agriculture in the word

“Damparvaran” is one of the most active agriculture journals in Iran who tries to collect and select the most important and applicable news from the famous agriculture medias for its readers. This journal translates these important news for his Persian readers, the news which cause to mental improvement more familiar with latest agricultural events around the world.

Specialized agricultural journals union issued an important declaration

This trade union presented an informative declaration corresponding with 11th presidential election. In this statement is criticized the agricultural statue, and less attention to farmers in our country; more over its wanted presidential candidates obviously declare their agricultural plan. In this statement 12 items are mentioned as suggestion towards presidential candidates and this question is added: our agriculture provides 22 percent occupation, food products maintaining, 17 percent GDP, why its share of our economy budget is only 3-4 percent of total capital considered.

Not only we have destroyed water – sources, but also our independency is declining, too

In this time article the editorial in chief of “Damparvaran” is criticizing and comparing the two latest ministers of agriculture in 9th and 10th set of state. At first they represented ultra progressive reformer mottos. They repeatedly announced wanting to be agricultural independent; while we have progressed in importing of agricultural goods. The author relies on statistics were announced by customhouse in 1391; the below agriculture products have been imported during 10 month ago: 1/2 million tones eatable oils, 6/5 million tones wheat, 1/1 million tones sugar, 1/2 million tones race, 7 million forages, 140,000 tones red meat. These huge imported products has no logical comparison with these two ministers mottos who claimed: “we have reached successfully to 94 percent independency in agriculture products.

A glance reviewing of “Damparvaran” in the last year
