## Poultry industry included as a part of private cabinet

Author of this article refers to National poultry industries society which was formed due to a grand election in the last winter in 1391 many representatives of egg and poul – meat producers, voted for formation of such a national society in chamber of Commerce which is named by author as private cabinet. So poultry producers will be able to resolve the national or international commercial challenges by voting.

## The Passive growing upto 2/1 percent for agricultural sectors

After passing years Central Bank of Iran and central Statistics of Iran represented a table of Economical growth during 1391, 1392.

“Damparvaran” referring to this diagram, has evaluated it as below.

The said statistics shows the passive economical growth in the first 6th month of 1392 as passive 2/1 percent, and industrial about 5/4 percent and supply departments near to 0/6 percent.

While the figure of agricultural growth in 1391 has been reached upto 6/3 percent which has had a positive effect on wholly growth of economic activities.

## What`s the portion of agricultural sectors in second phase ?of aiming cooperatives bill

As we know the determined budget of 1393 has approved by Councilers of Majlis. The editorial in chief of “Damparvaran” has criticized about the portion of productivity sectors in this financial year.

According this law, the state is capable considering 59,300 milliard tomman for cooperatives, while the portion of productivity fortifying is only 11000, milliard Tommans.

The author asks criticizely the word “Production” is ambigious here?! What s the average portion of agricultural sectors in this figure?!

It`s a worry for farmers and producers, why none of statemen, majlis represent -atives, agricultural unions and societies hasn`t be questiond? Realy what`s the truely answer?!
