“Growth Plan”, an obvious index for village’s development

Dr. Gholam – Reza Astani, the famous expert in poultry industry told about the “growth plan” and it`s goals. He believes that the rural districts need to banking services. so, some economical activities must drive to villages. One goal of this plan is to prevent the social disarrangements in rural districts.

He added: the second goal is to keep the peasants in villages and decrease their stimuluses to immigrate.

First domestic gas – jet heater caught standard Medal

Toyouran Abzar Company has manufactured modern equipments for poultry industry for 20 years. Up to now, this company has equipped more than 6000 poultry farms in Iran and some other neighbour countries.

Toyouran Abzar has exported it`s products to other asian countries, middle east, and European Countries. It has produced many modern equipments in Iran for the first time.

This company uses update technologies for the products. So, it awarded the standard medal for the last product, gas – jet heater that has the best qualifications and output.

Can the president compensate the historical Neglects on agriculture sector?

We heard many subjects about agriculture before and after the 11th presidential election by Dr. Hassan Rohani that the appointment of Eng. Mahmood Hojati as the Agriculture Minister showed the importance of agriculture sector for the President.

And now, we see to pay the attention on agriculture sector is very important for Dr. Rohani.

In 4th congress in Farmer`s House, he said about the critical condition of agriculture sector, and added: “We acted cruelty with soil, and we have to export our crops to foreign markets”.

He emphasized: We have to active the Water Council and know the worth of every drop of it”

Dr. Rohani, told in a ceremony that was held for superior farmers: “National strength won`t creat without food security and we try to do it”.

Eng. S. Soltani Sarverstani: (BEF) Disease is Under Control

Eng. S. Soltani Sarvestani, man aging director of Farmers Union said: Animal Vaccinations has done in 13 proviencies. BEF affects the cows and decreases the milk valume. WHO recomends on prevention.
