

Fertilizers distribution by central Union of Rural Cooperation

The request of fertilizers distribution was offered by M.R.Raiesinejad to agriculture ministry and accepted by eng. Hojati, Agriculture Minister. At the first step 60% of Urine fertilizer will supply and distribute by central union of Rural Cooperation and remain 40% will devolve till the end of the year.

Central Union of Rural Cooperation has more than 50 years actual experiences to supply all of the needs of villagers and farmers, so it can do the best activities for them.

By this way, many of extra costs will remove because it has facilities like stores in 31 provinces all over the country.

Many experts stated the agreement between Agriculture ministry and central union of rural cooperation is a functional bed to increase the efficiency and decrease total costs.

After this, central union of rural cooperation can buy fertilizers from producers and distribute them to farmers.

Bank Keshavarzi, fully supporter of sustainable development in Agriculture

In an interview, Dr. SHahidzadeh, managing director of Bank Keshavarzi announced that 38,000 milliard Rils was increased to invest of the Bank. This increase was approved by the government and parliament.

Dr. SHahidzadeh told about the international activities of the Bank Keshavarzi after the agreement between Iran and 5+1 countries. He added, they negotiate to 145 foreign banks and have connected swift to 90 banks and agencies with 70 banks in Germany, Switzerland, France, England and Italy.

Dr. SHahidzadeh said that more than 3 billion dollar was allocated to import agriculture inputs, medicines and raw industrial materials. He continued; Bank Keshavarzi supported the exporters of pistachios, raisins and saffron. Dr. SHahidzadeh emphasized; we are drived to a sustainable development in agriculture by strengthen the infrastructures. So, we paid 7000 billion Rils to buy tractors, combines and farm implements to applicants.

Chicken, the king of poultry Industry

The wonderful and no logical increases in one day old chicken prices made a stormy

Condition in poultry industry while the incidence of influenza killed more than 5 millions of birds in the last two months.

Many of poultry producers thought that they will earn a huge benefit in Nowrooz days and after that. So, they began to buy per chicken in 25,000 Rils. In the beginning of the year, the chicken prices were 10500 to 11000 Rils for one day old chicken without any change in poultry meat prices.

Just now the chicken price has gone up to 22000 Rils for one day old chicken and we think that all of such producers will suffer great losses in future.

According to an agreement between animals affair of Agriculture Ministry and one day old chicken society with poultry producers union the price chicken fixed on 17000 to 18000 Rils per chicken. Dr. Mehrabani Yeganeh, one of poultry industry experts said: There is no any logical economy in these functions.

World Bank: clear landscape for Iran Economy

World Bank published the landscape of global economy in 2017, recently. In this report it forecasted a growth for global economy in current year for many countries. It anticipated 207 % growth in 2017 global economy. Although, it forecasted 4.9 % growth rate for Iran in 2016, but it will drive to 5.2 % for 2017. But other countries around Persian Gulf will suffer an unsettled economy because of oil low prices.

It is expected, according to World Bank, The economy growth rates in 2017, 2018 and 2019 will be to 5.2%, 4.8% and 4.5%, respectively.

World Bank announced that reasons of such growth rates are increasing of oil prices and to slope foreign invests to Iran.

In this report, forecasted growth rate for Middle East in Jun. 2016 had negative changes. It is expected that Middle East and North Africa countries would experience 3.1% growth in 2017 that is 0/4% lower than the last year. Saudi Arabia growth rate will decrease to 1.6% in 2017.
